Vanderbilt and Long Island Championship race series are now three races series. You must enter two of the three races to be eligible for series awards.

From the LIKA Board of Directors

LIKA announces our 2009 Schedule that includes a race series on Saturdays. The "Saturday Sprints" series is not for LIKA Championship Points for year-end awards, but it will have awards of its own, as do the Vanderbilt Series and the LI Championship Series. On the Saturday Sprints days, there will be at least two practice sessions and there will be two race heats. The starting order of the first heat will be determined by using a pea-pick. The starting order of the second race will be the inverted starting order from the first race.
